SOCIAL WORK EXPERIENCE

Children's Hospital of Philadelphia <i>Incoming Advanced-Year MSW Intern, Sickie Cell Center</i>	Philadelphia, PA Starting Aug 2026
--	---------------------------------------

SEAMAAC <i>Social Work Intern, Health & Social Services Department</i>	Philadelphia, PA Sep 2025 – Apr 2026
--	---

- Conducted 50+ biopsychosocial assessments, identifying social determinants of health, behavioral health needs, safety risks, and psychosocial barriers to inform service planning.
- Presented complex cases to interdisciplinary legal and healthcare professionals, coordinating referrals, intervention plans, and follow-up services.
- Administered evidence-based Danger Assessments, developed individualized safety plans, and connected domestic violence survivors with PFA and legal resources.
- Provided supervised brief interventions using motivational interviewing and CBT/DBT-informed strategies to support emotional regulation, engagement, and client-directed goals.
- Supported 60+ immigrant families with PA COMPASS, Medicaid, SNAP, and community resource navigation to improve access to care and essential services.

Wuhan University, Student Affairs Office <i>Mental Health Program Coordinator</i>	Wuhan, China Jan 2020 – Oct 2022
---	-------------------------------------

- Led a six-member peer-support team providing emotional support and resource referrals to 200+ students during COVID-19 lockdowns.
- Partnered with the University Counseling Center to launch a digital mental health screening and referral program that reached capacity within 30 days.
- Delivered mental health education to 500+ students, promoting mental health literacy, coping awareness, and early help-seeking.

VOLUNTEERING EXPERIENCE

VITAS Healthcare <i>Hospice Volunteer</i>	Philadelphia, PA Jul 2026 – Present
---	--

- Completing hospice volunteer training in patient companionship, family support, professional boundaries, confidentiality, and end-of-life care.

COVID-19 Youth Online Companionship Program <i>Peer Support Volunteer</i>	Online Feb 2020 – Jun 2020
---	-------------------------------

- Provided one-to-one emotional support to 10+ youth experiencing pandemic-related anxiety, isolation, and academic disruption.
- Facilitated weekly peer-support groups using present-focused exercises to strengthen connection and adaptive coping.
- Identified elevated behavioral health concerns and escalated cases for clinical referral in accordance with program protocols.

MENTAL HEALTH RESEARCH & TEACHING EXPERIENCE

Wuhan University, Center for General Education Programs

Teaching Assistant

Wuhan, China

Oct 2023 – Dec 2024

- Facilitated biweekly seminars for 120+ students on identity development, stress management, and mental health literacy.
- Provided strengths-based support to students experiencing adjustment and academic stress, communicating emerging concerns and support needs to faculty.

Wuhan University, Youth Research Center

Research Leader

Wuhan, China

Dec 2022 – Jun 2023

- Analyzed qualitative and survey data on social support, stigma, and student well-being to inform university mental health recommendations.
- Led a four-member research team whose social-belonging project received Wuhan University's Outstanding Practice Project Award.
